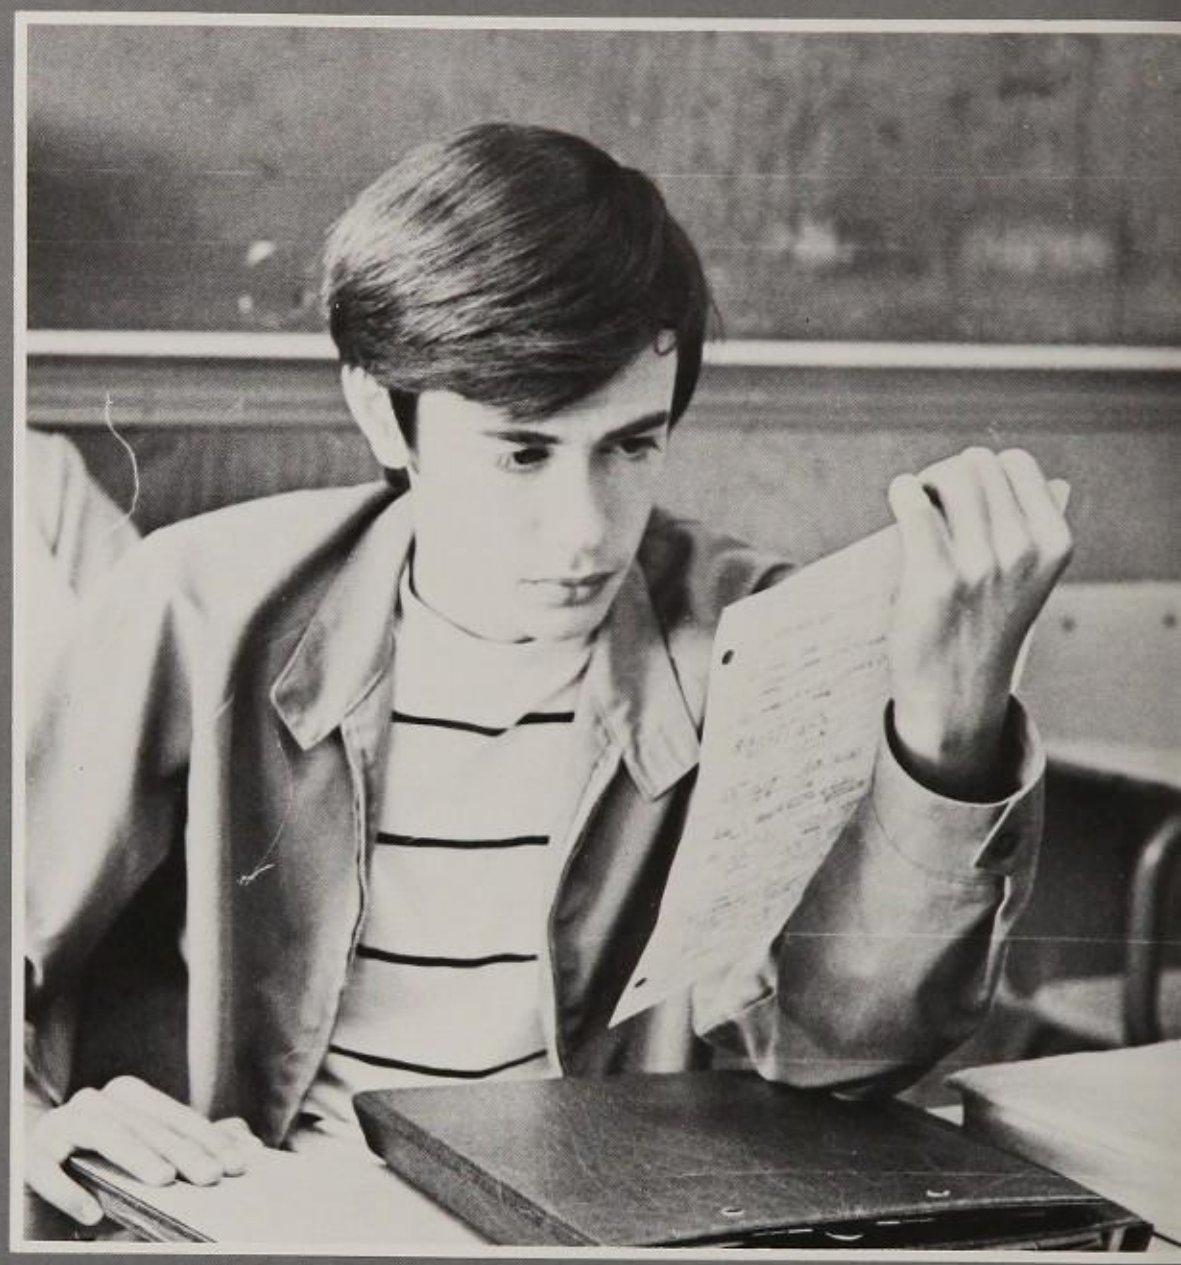
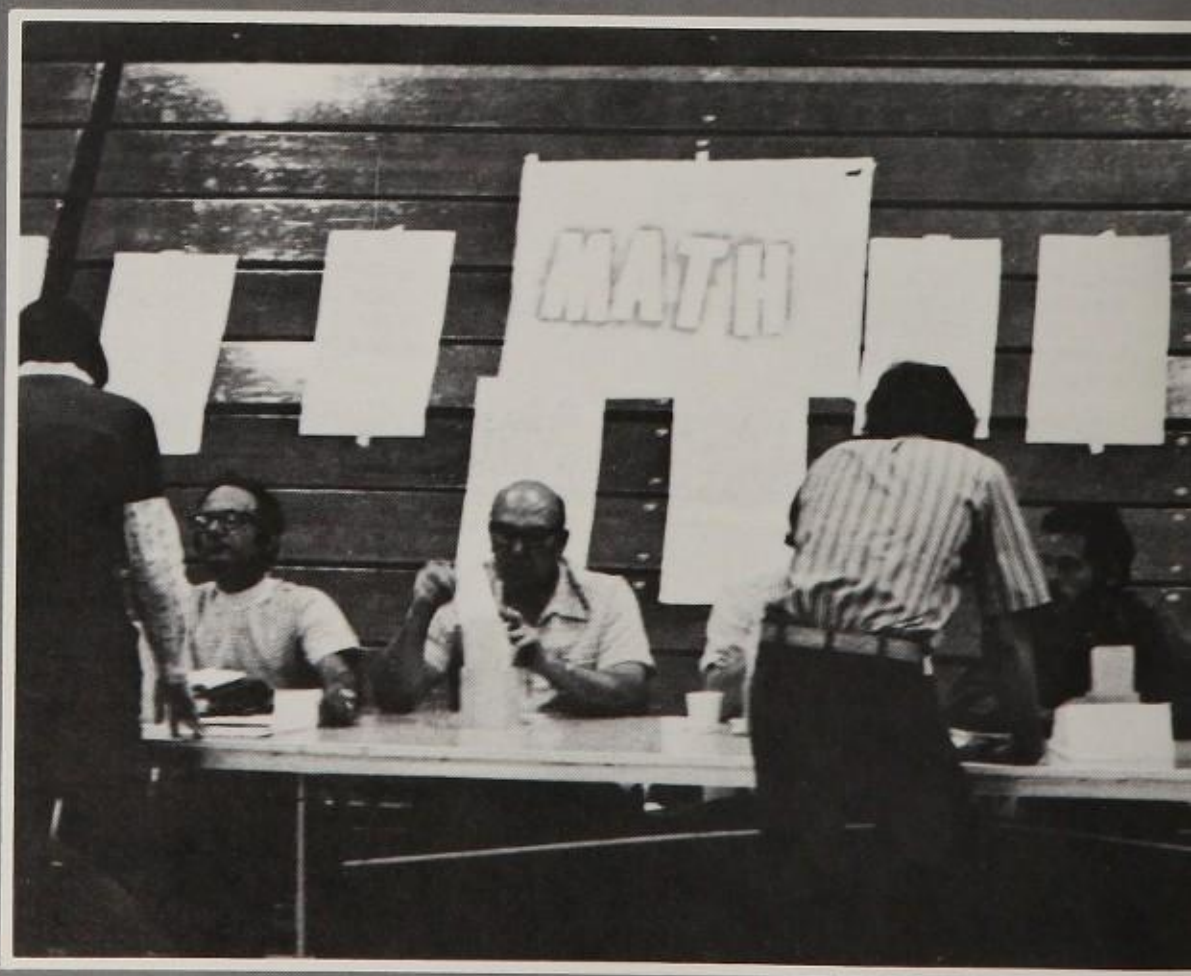
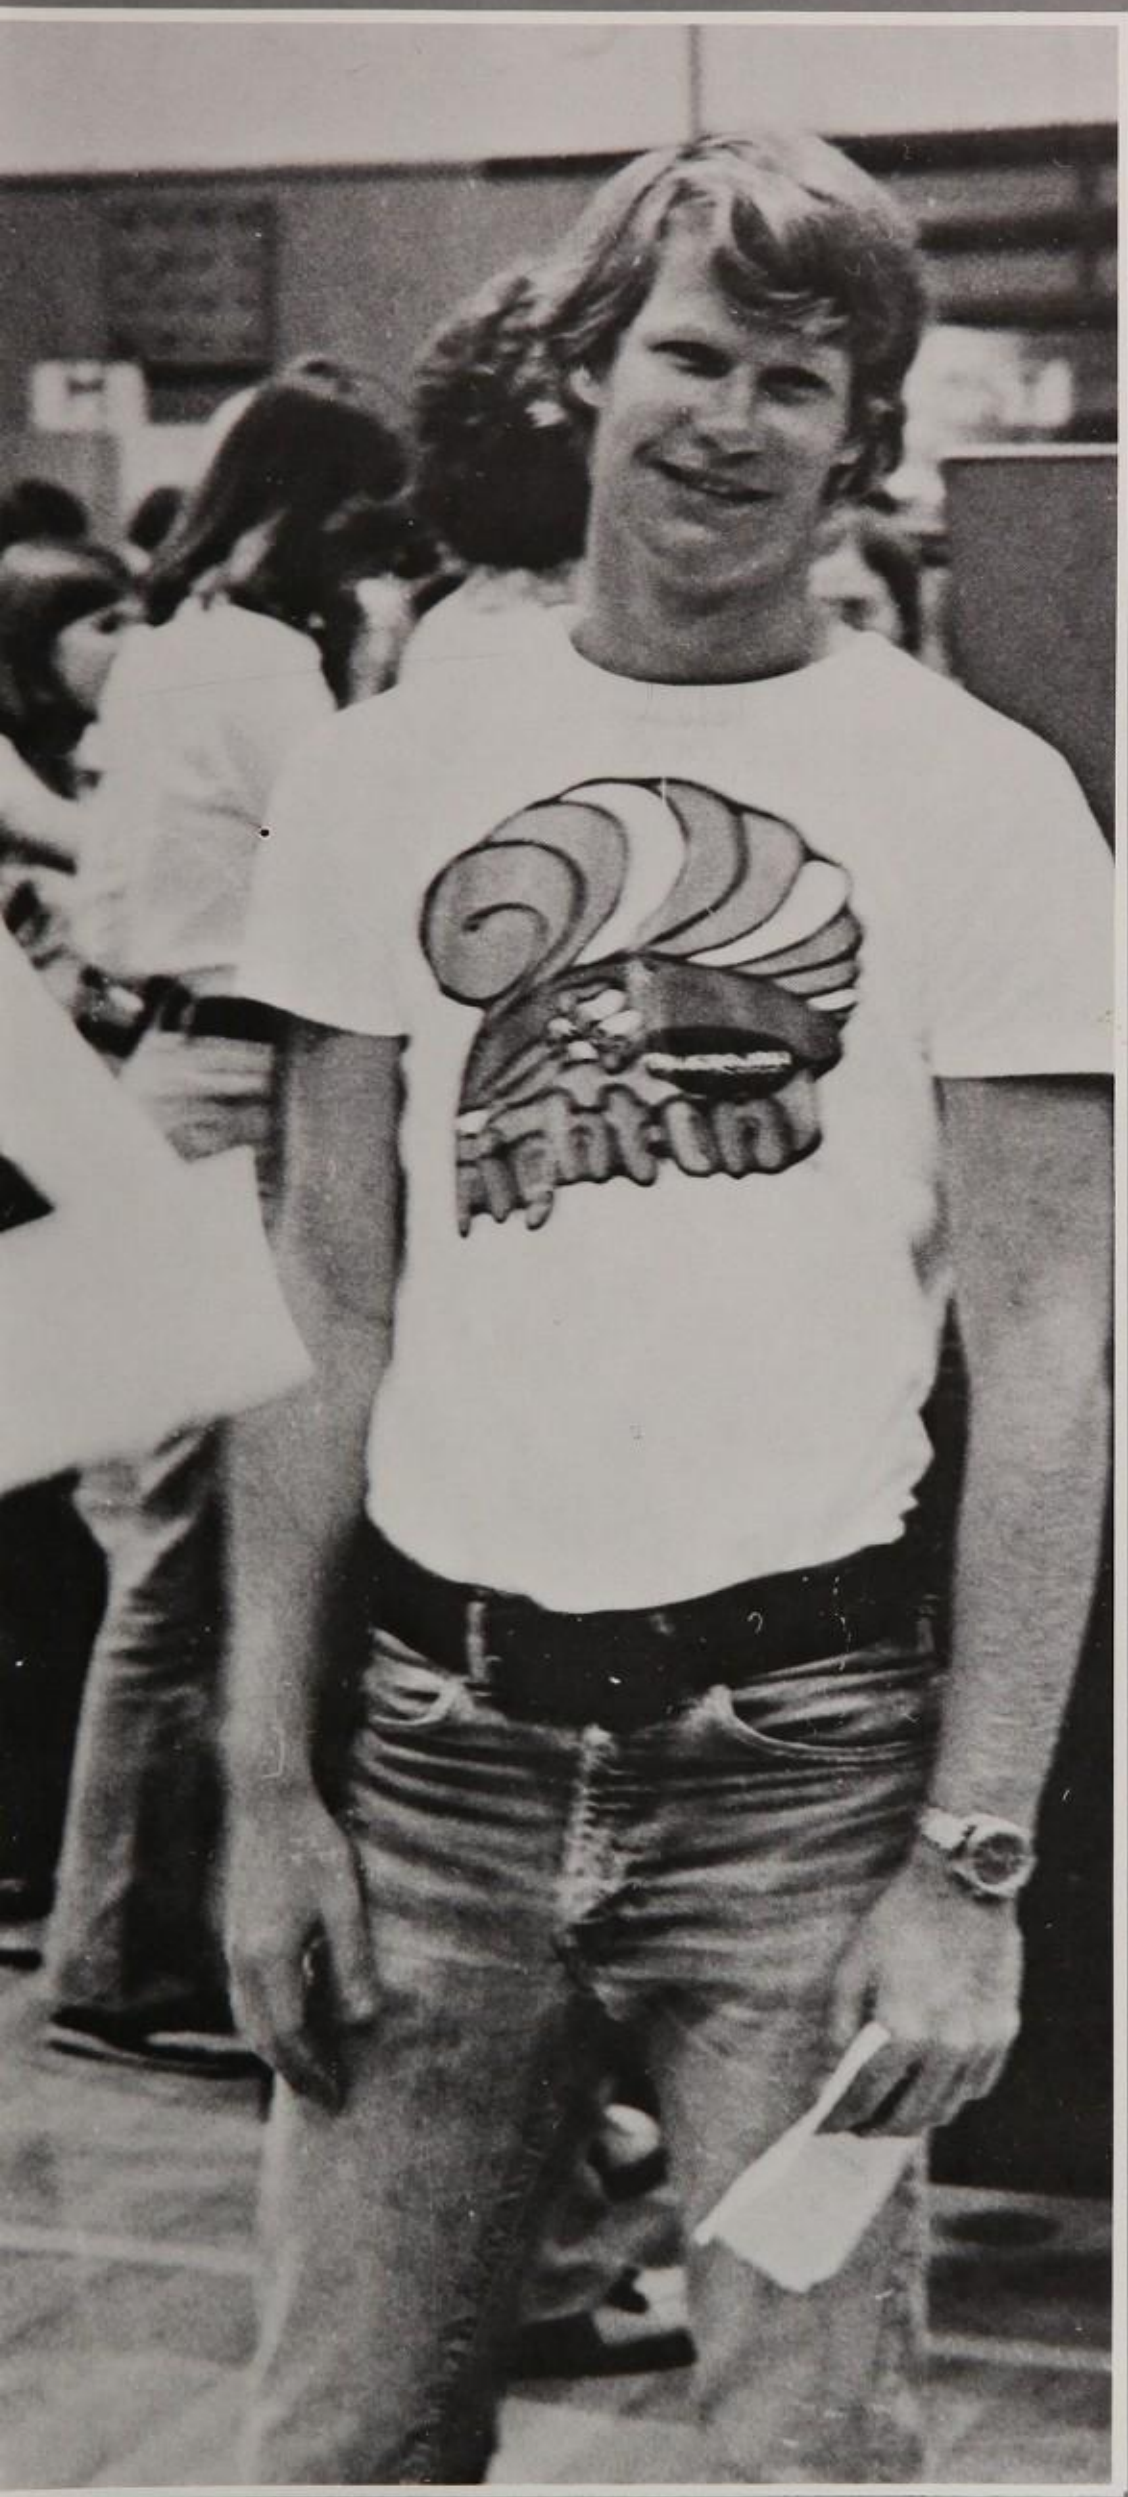
Walk-Thru

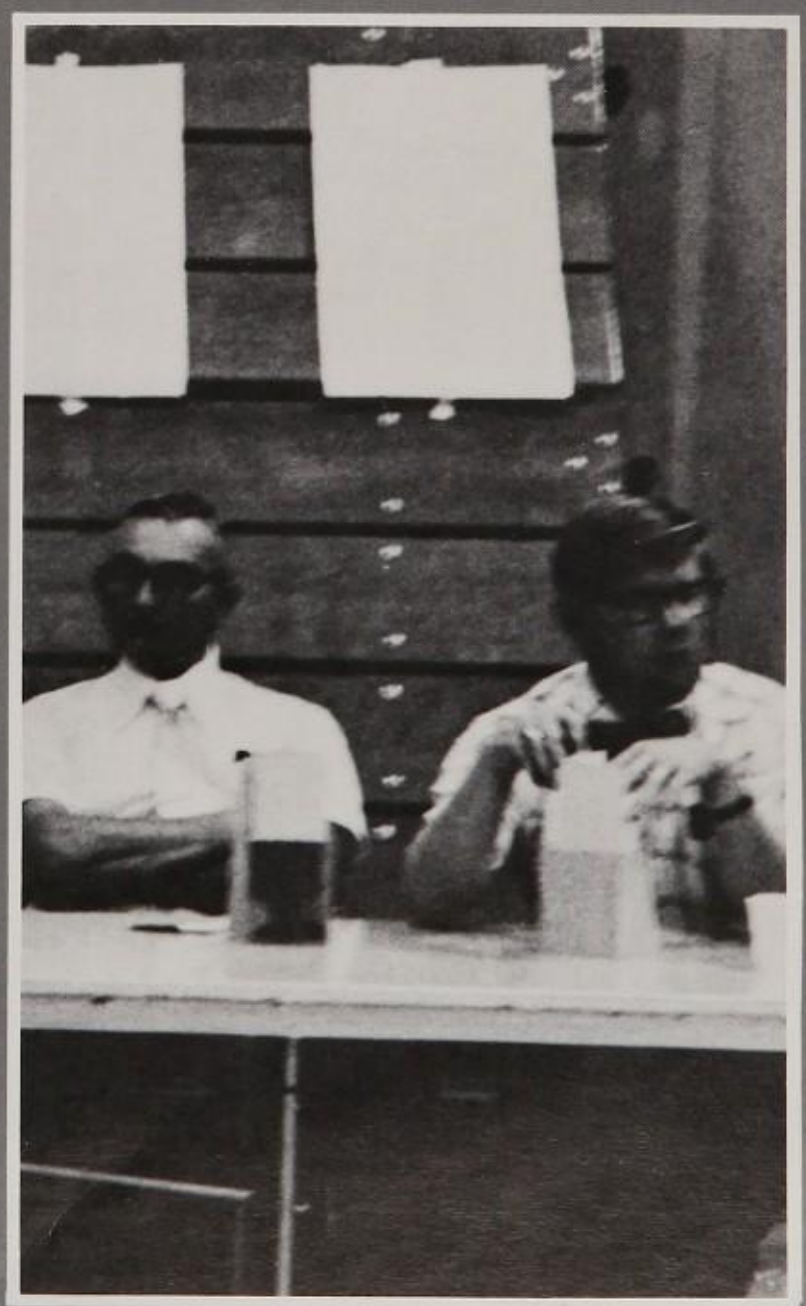
Each year the counseling department at Ygnacio allows students to exercise their own freedom of choice through self-scheduling in the 'walk-thru'. More commonly referred to by other names, the walk-thru is generally regarded as a hassle. Yet most students seem to agree that given a choice, they would rather screw up their own schedule than have their counselors screw it up for them.







The walk-thru is...
Signing twenty forms and wondering
whatever happened to carbon...
Trying to talk to a counselor,
and not being able to find one...
Arranging all your classes with
last year's best friend and dis-
covering you don't like him now...
The walk-thru is...
Waiting in long lines to discover
that the person in front of you
got the last IBM card for the
class you wanted...
A Hopeless yet somehow hopeful feel-
ing of distress...
An educational experience worth
missing.



Thursday morning, September 19th, we all met in the gym to share the embarrassment of thirty of our friends as they sang, danced and posed to the suggestions of para-psychologist George Sharp.

"It's like a dream—you know what you're doing but you just don't care."
"Wow, it's like bein' stoned without smokin' it."
"Yea, I'd want to do it again. Not in front of the whole school, though."
"Do I really believe in it? All I know is that you couldn't PAY me to belly dance in front of the whole student body, but somehow I was doing it!"

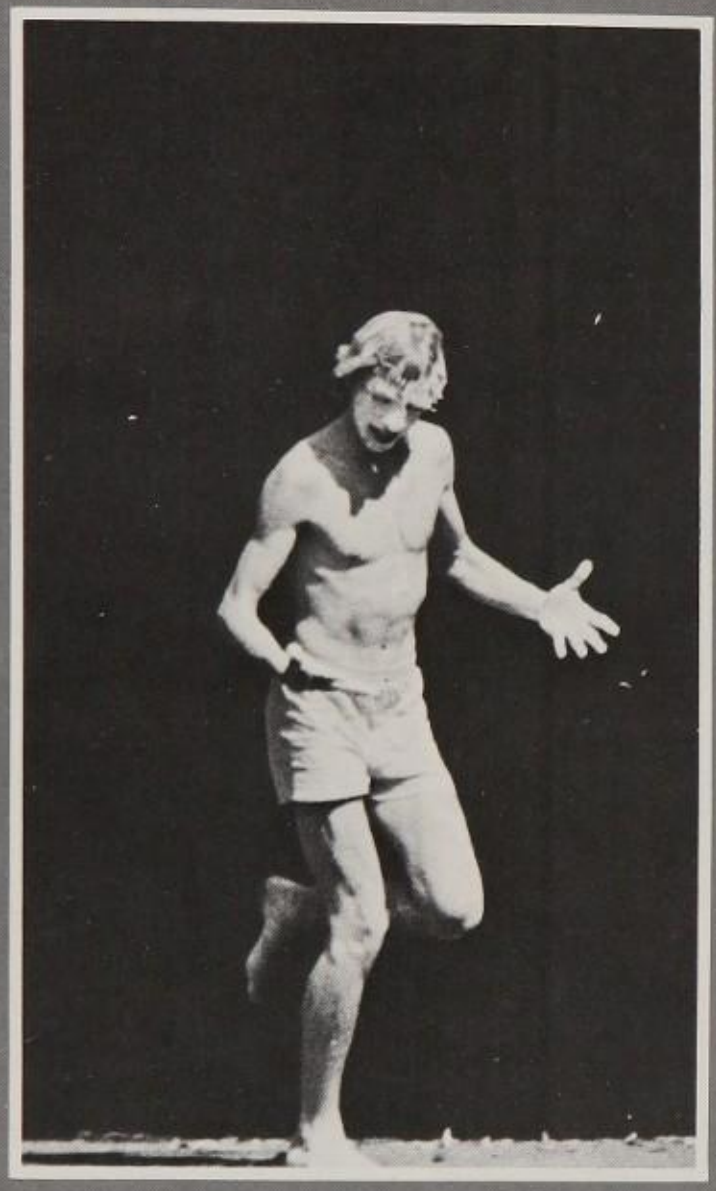
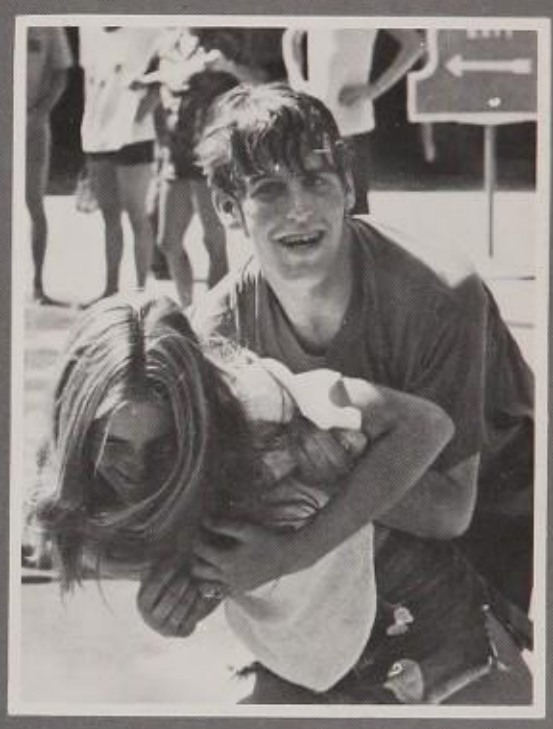
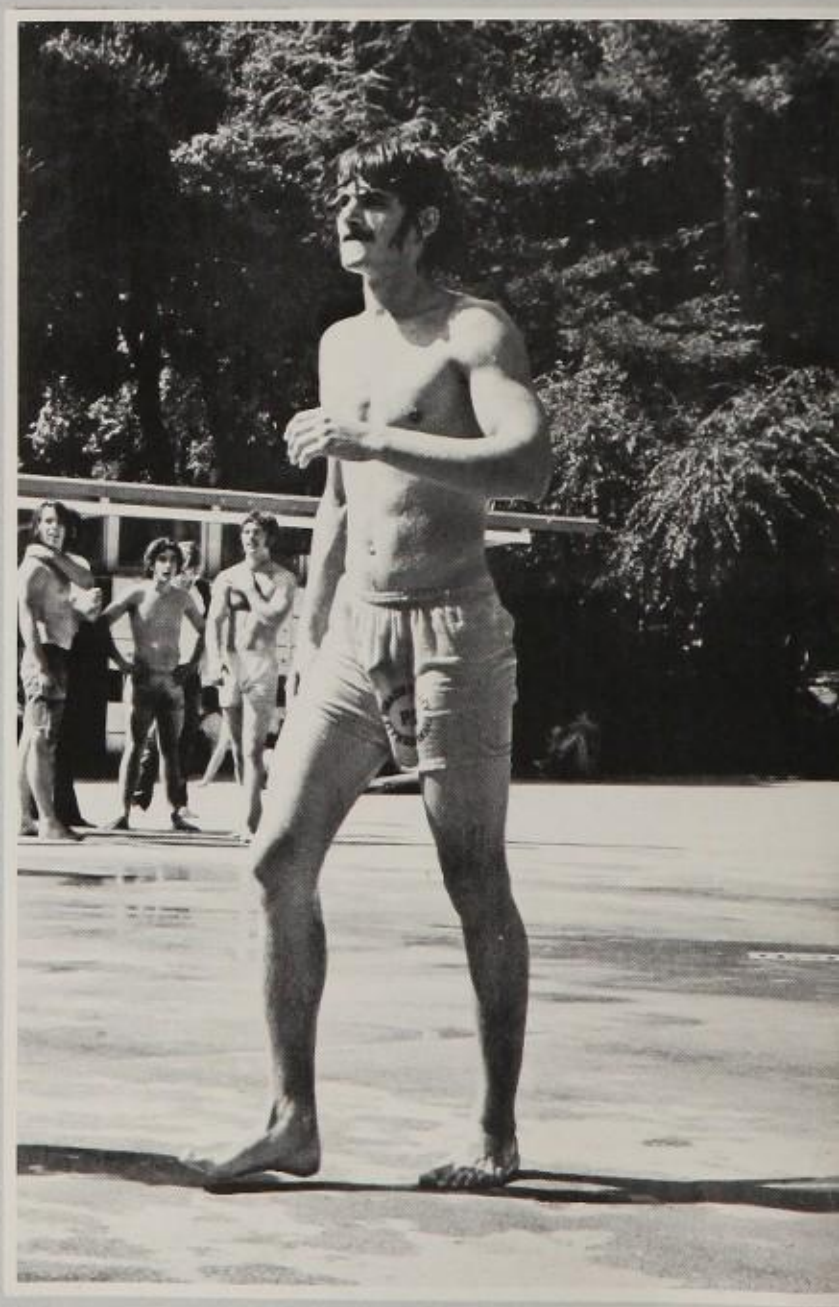
Senior Picnic '75



And in the sweetness of friendship let there be laughter and sharing of pleasures. For in the dew of little things the heart finds its morning and is refreshed.

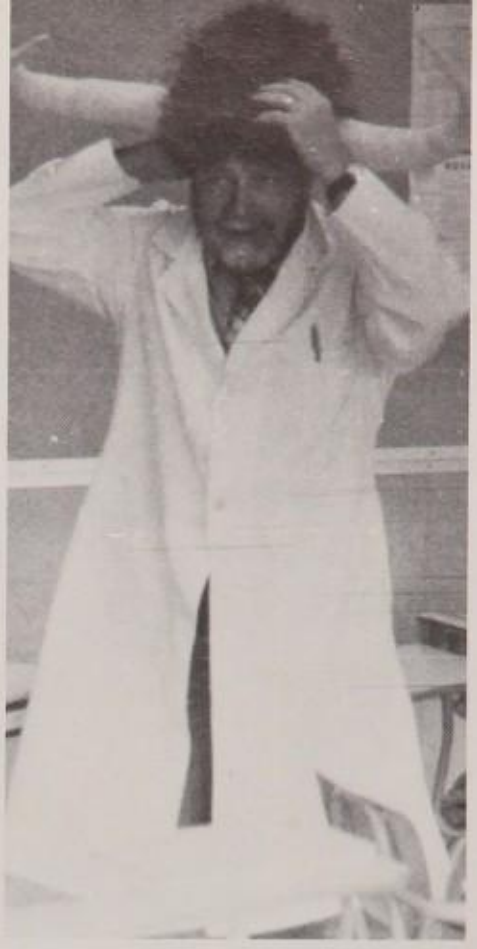




On October 1st the seniors re-discovered the people who had been their classmates for three long years. They piled into busses and headed for Robert's Park for a day of football and friends. The hotdogs were cold, the weather was hot, but somehow it didn't seem to matter . . .

Hat Day

A typical day at Ygnacio? Not quite. With threats of attack by a wild gorilla, everyone wore hats one Friday afternoon. But notice who's not wearing one? The gorilla!!



Homecoming

though our acquaintance has been short, your spirit for living is easy to see! Enjoy much laughter, its a great medicine...
God bless you

Lights-camera-ACTION!'
Hollywood's Golden Years began Monday with the freshmen celebrating the movies of Disney, and continued with rising spirits as each class tried to out do each other. The sophomores characterized the Wizard of Oz, the Juniors picked on old time movies, and Thursday the Senior class topped everyone with Western costumes, decorations and shoot-outs. The rallies weren't always the best, but everyone liked the shortened class periods.

The Princesses

The last notes of the band were hanging in the air, the lights were bright, the crowd was quiet. "This year's Homecoming Queen — Sue Grove!" Cheers... laughter...tears...hugs...so climaxed a week of excitement and attention the nine princesses experienced after being nominated by various clubs and organizations through-out the school. Tracey Sorenson, Ellen Nugent, Wendy Kilbourne, Laurie Kalberer, Val Jones, Sue Grove, Sue Cooper, Suzanne Berry and Lori Baethke were escorted that night by their fathers who, everyone agreed, were the proudest of all.

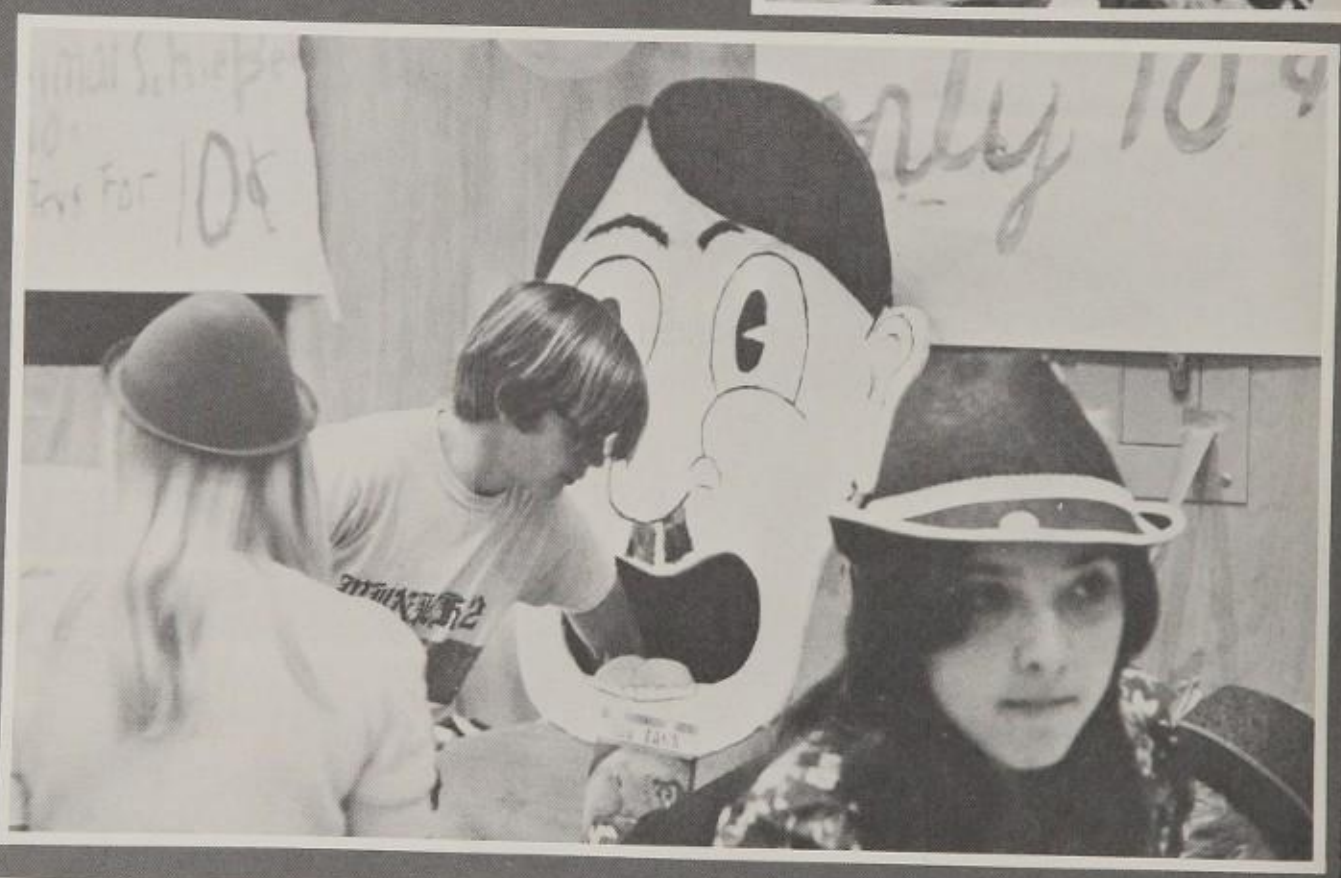
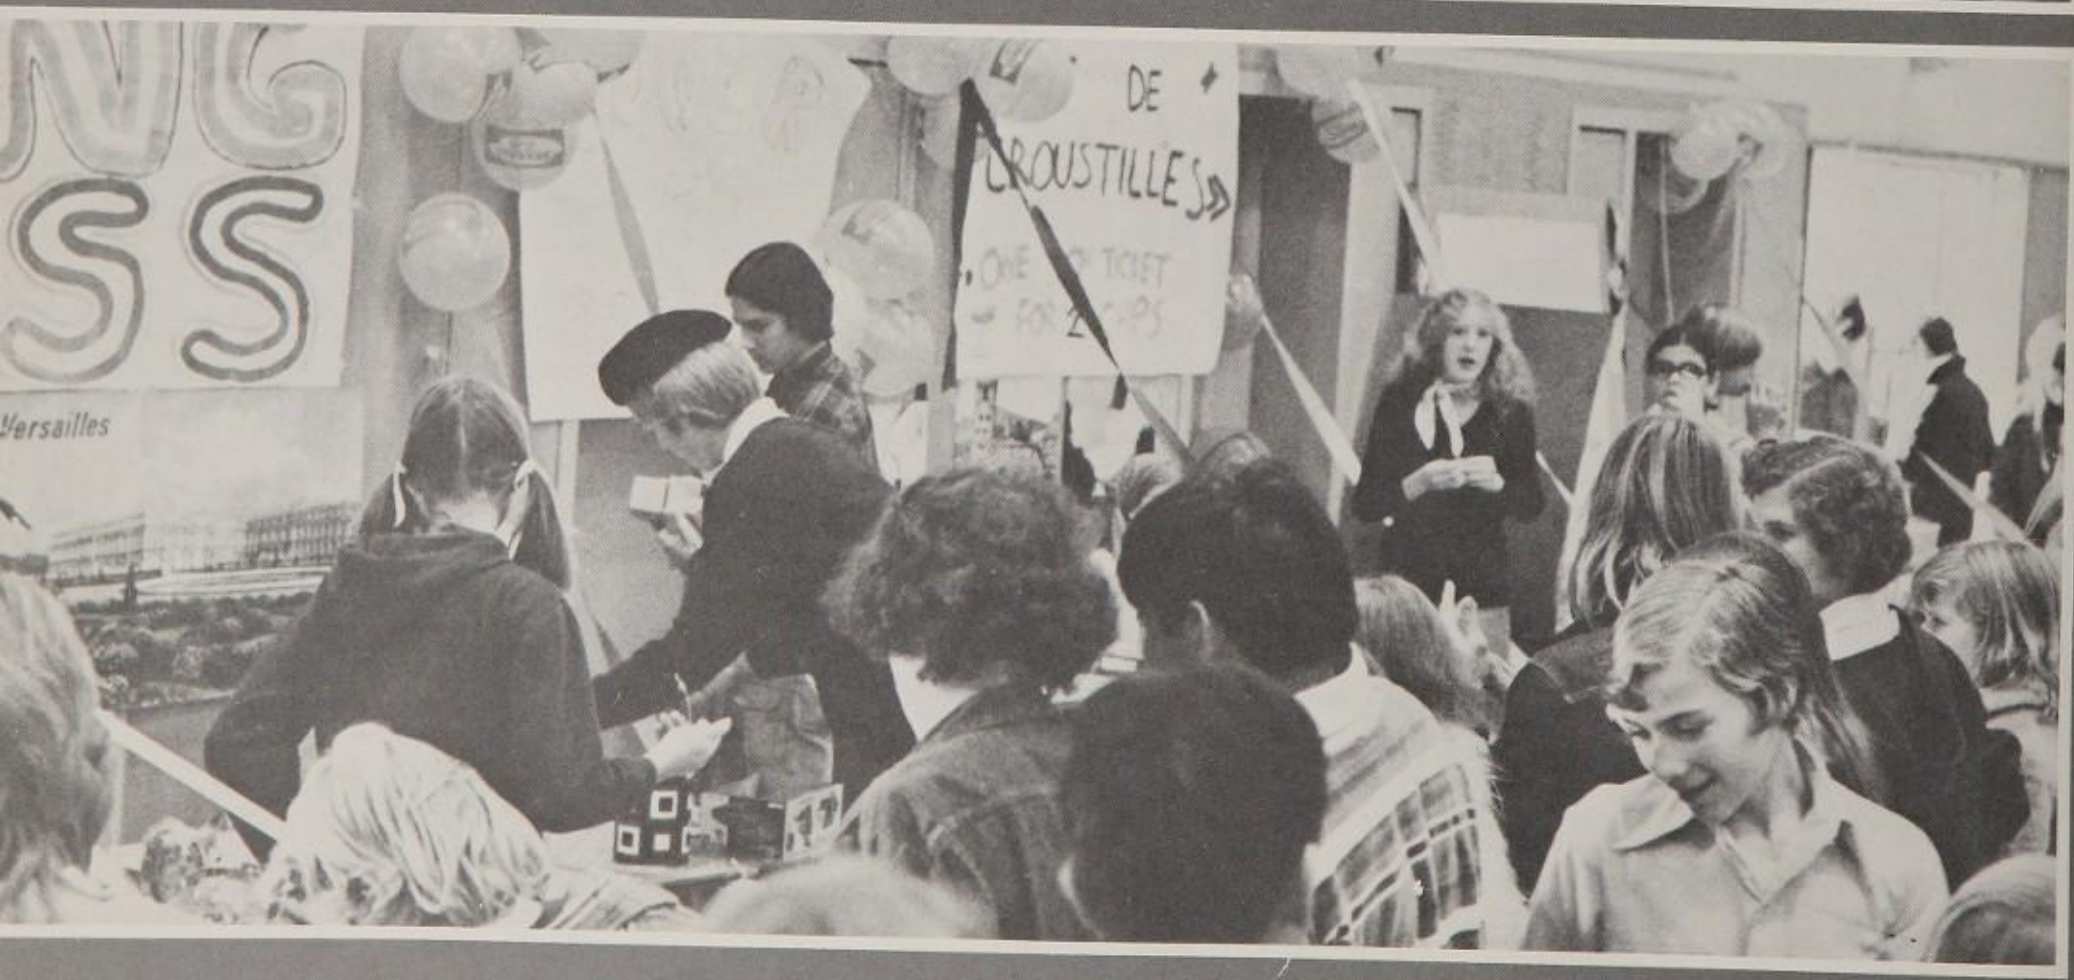
Carnations and roses marked the week of Campus King nominations as organizations sent in their choices. The winner was announced at the Valentine's Dance that Saturday night. The votes were close but Doug Ledeboer received the honorary title with much pride and little embarrassment.

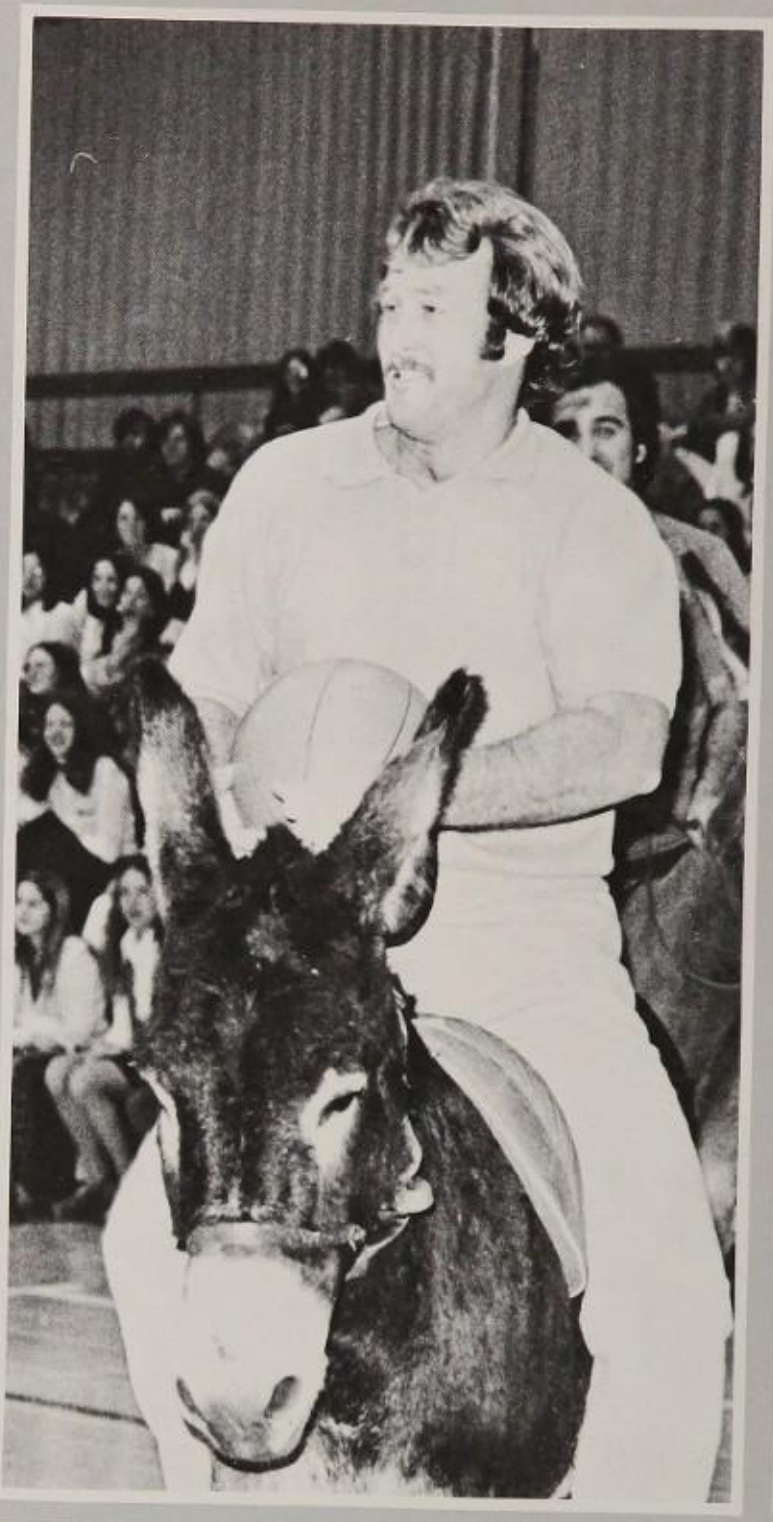


The language clubs joined together to put on their annual International Festival. Tables were covered, crepe paper was hung and the multi-use room was transformed into a glittering carnival with games, food and crazy costumes from many countries. The whole town was invited, and all profits went to the language department.

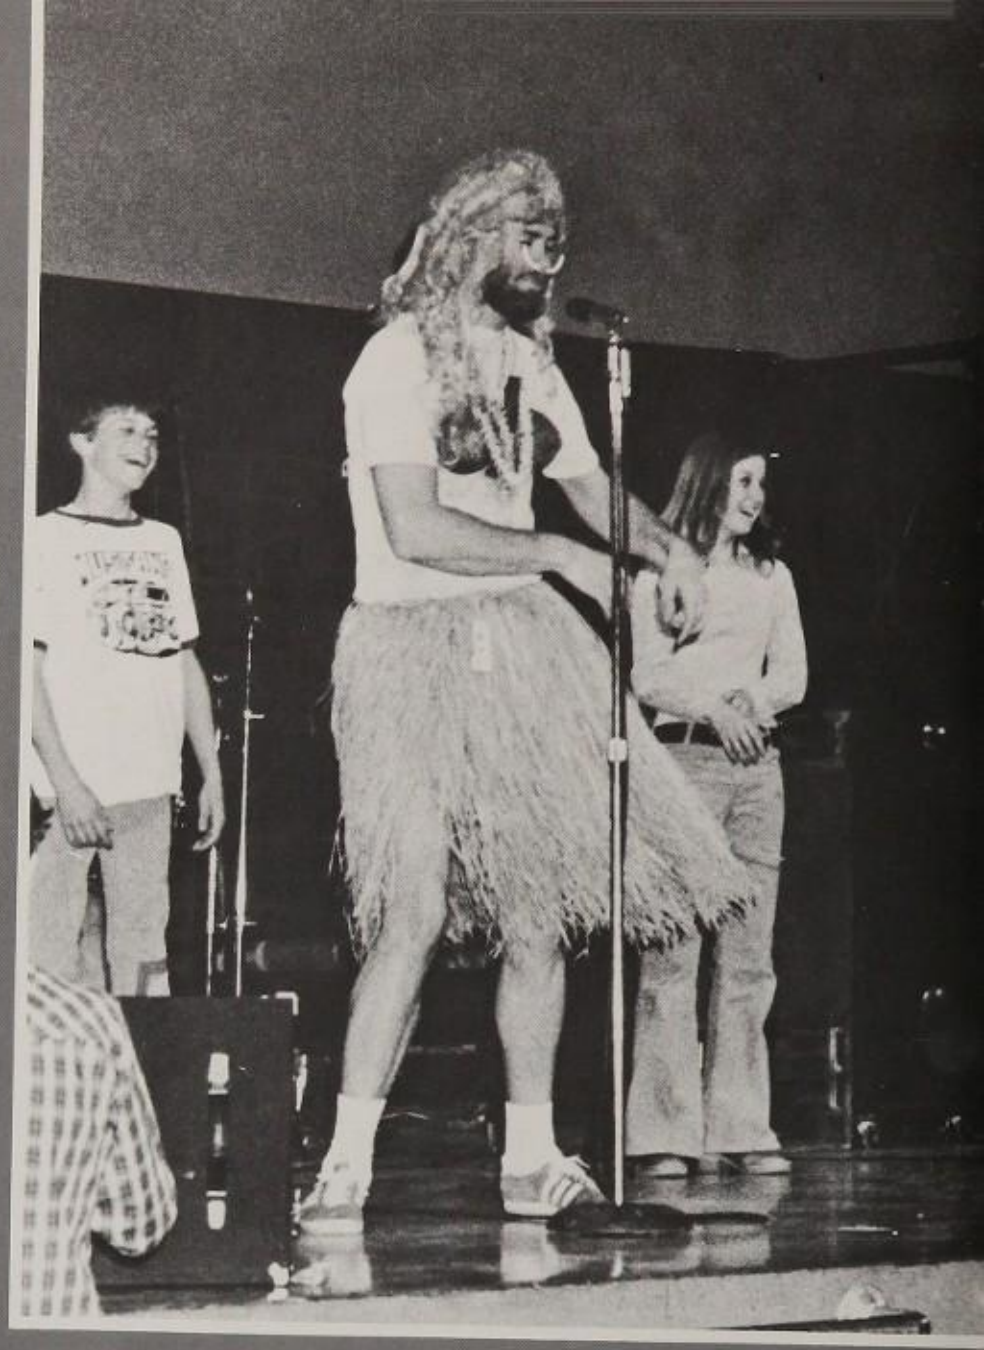


INTERNATIONAL FESTIVAL

Donkey Basketball



Books and grades were forgotten as the faculty took on the students in a free-for-all game of basketball. It soon began to look like everyone vs the donkeys, but the faculty won in the end. Maybe next year, kids.



They brought beaches, sun and surf.
They brought laughter, smiles and song.
On that cold January night
they brought a box of summer
and spilled it at our feet.

NIXON

UNELECTED PRES

FORD SWORN IN AS 38TH PRESIDENT

Vice President Gerald R. Ford of Michigan, who less than a year ago was minority leader of the House, took the oath as the 38th President of the United States, succeeding the resigning Richard M. Nixon. Nixon was deeply involved in the Watergate scandal involving cover-up activities serious enough to begin impeachment proceedings. On August 9th, he resigned his office because "the immense financial and spiritual burden involving a trial of the President would do much more harm to the country in the long run." The next day the Vice President took office and in a brief address, he said, "Our Constitution works. Our great republic is a government of laws and not of men."

A few weeks later, President Ford pardoned the former President of all crimes (alleged) committed while in office. Ford's popularity dropped appreciably.

EQUAL PAY FOR WOMEN

On June 3, 1974, the Supreme Court ruled that women who do the same work as men are entitled to the same wage rates. State agencies are being established to enforce the ruling.

A'S WIN THIRD PENNANT

The Oakland Athletics won the world series title for the third year in a row in the year of 1974. Keep it up, A's!!!

DANCERS FLEE RUSSIA

Russian ballet dancers Valery Panov and his wife, Galina Ragozina, won permission to emigrate to Israel after a long fight with the Russian government in which the pair won much support from the people of the United States. They leave on June 14, 1974.

MRS. MARTIN L. KING SR. KILLED

The mother of the slain civil rights leader was shot and killed at the organ in her husband's Atlanta church on June 30th, 1974. A church deacon was also killed and the young gunman was captured.

PRESIDENTIAL AMNESTY

President Ford offered conditional amnesty to Vietnam war draft evaders and dodgers who agree to work for up to two years in public service jobs. A Presidential clemency board was set up to review cases of those already punished. The plan met with much criticism, especially from the veterans organizations, which oppose all types of amnesty, and anti-war groups, which object to any kinds of conditional amnesty. Relatively few draft evaders have taken up the President's offer.

ISABEL PERON BECOMES PRESIDENT

In Argentina on July 1, 1974, President Juan D. Peron died at the age of 78. His wife, Vice President Isabel Peron, succeeded him, becoming the first woman chief of state in the Americas.

EVEL KNEIVEL JUMPS!!!

Evel Kneivel failed in an attempt to rocket across the 1,600-foot wide Snake River Canyon in Idaho. On that afternoon of Sept. 8, 1974, he prematurely released his parachute and landed in the bottom of the canyon, suffering only from small cuts and a bruised ego. Will he try again? Maybe not the same canyon, but he's always looking for another challenge.

DENT IN OFFICE

ATTENDANCE POLICY CONFRONTATION AT YV

A group of students protested the implementation of a new attendance policy at Ygnacio Valley. They protested the fact that the policy was put into effect without consultation with the students. Various attendance policies were submitted by students. When the students threatened to strike, a compromise was made and the strike was called off. Some students struck the next day in protest to the suspention of a number of students for "passing out material calling for the disruption of the school." The compromise called for the formation of a committee of students, parents and school staff (voted upon by their respected groups) to draw up an attendance policy. Within three weeks the committee decided on a new policy which was implemented immediately.

"I AM CHARLES LINDBERGH"

As events tumbled over one another in this history-making year, topped by a change in Presidents, there was one story that turned our heads back to a less troubled year—1927. The big story then was of a shy Midwestern youth who stirred the world's imagination by flying solo from New York to Paris, where on landing he announced to waiting thousands: "I am Charles Lindbergh." When he died in August, 1974 of cancer, he seemed to have taken a whole year of history with him.

RECORD CROWD GRADUATES

This year's class of '75 is the last of the large classes of students to graduate from YV, numbering almost 900.

THE ECONOMY

"If all the economists were laid end to end, they would not reach a conclusion," said George Bernard Shaw. It was a quotation to remember last September as economists opened a series of meetings leading up to President Ford's summit conference on the country's economic problems. The meetings showed indeed that conclusions are hard to reach.

Recession? Depression? Inflation? Whatever you call it, the people are feeling the pinch every time they buy their food and clothing, fill up their cars or apply for a job. Caught up in a problem few understand, Americans simply tightened their belts and hope for the best.

CLEVELAND GETS NEW MANAGER

Frank Robinson became the first black manager in baseball's major league history when he was named head of the Cleveland Indians on October 3, 1974.

EARL WARREN 1891-1974

Chief Justice Earl Warren, who served on the Supreme Court of the United States for 16 years, died on July 9th, 1974, at the age of 83. He served during an important period of change and reform, ruling in favor of many liberal decisions for the betterment of the country and the people.

HANK BREAKS BABE'S RECORD

Hank Aaron broke 'the record that couldn't be broken' last summer when he hit number 615 out of the ballpark to break Babe Ruth's long-time record. "I'm just glad it's over," Hank said.

LIZ AND DICK SPLIT

The ten-year marriage of Elizabeth Taylor and Richard Burton ended June 26,1974.

Dearest Kenneth Wise,
I love ya. I'm so glad that you are going on the ski trips too! Keep active in Campus Life so that I'll get to see you. You are a super warm person, I think you'll always be very special to me.
Love, your pal

If only everyone had as much enthusiasm, spirit and dedication for their interests as the rally girls have for theirs. . .
we could move mountains.
The weather is sometimes lousy, the team isn't always winning, but the rally girls work hard with hopes that everyone will have a good time.

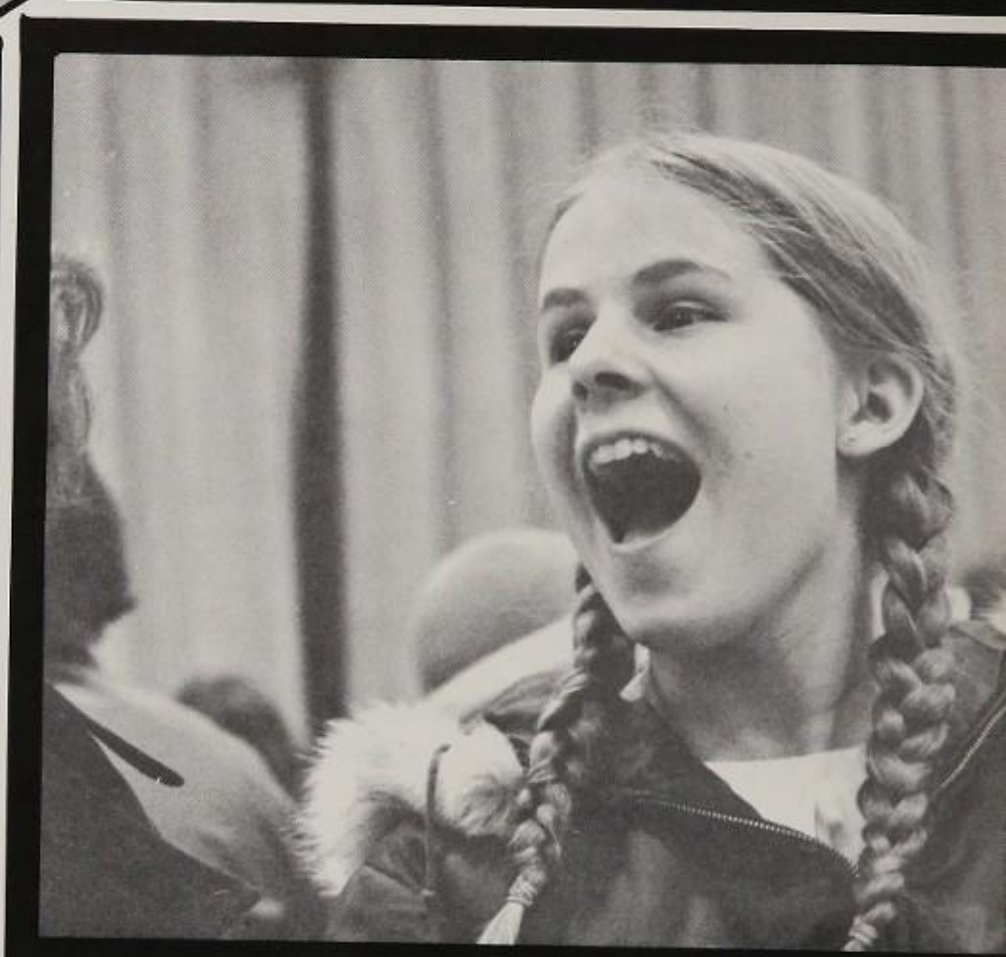
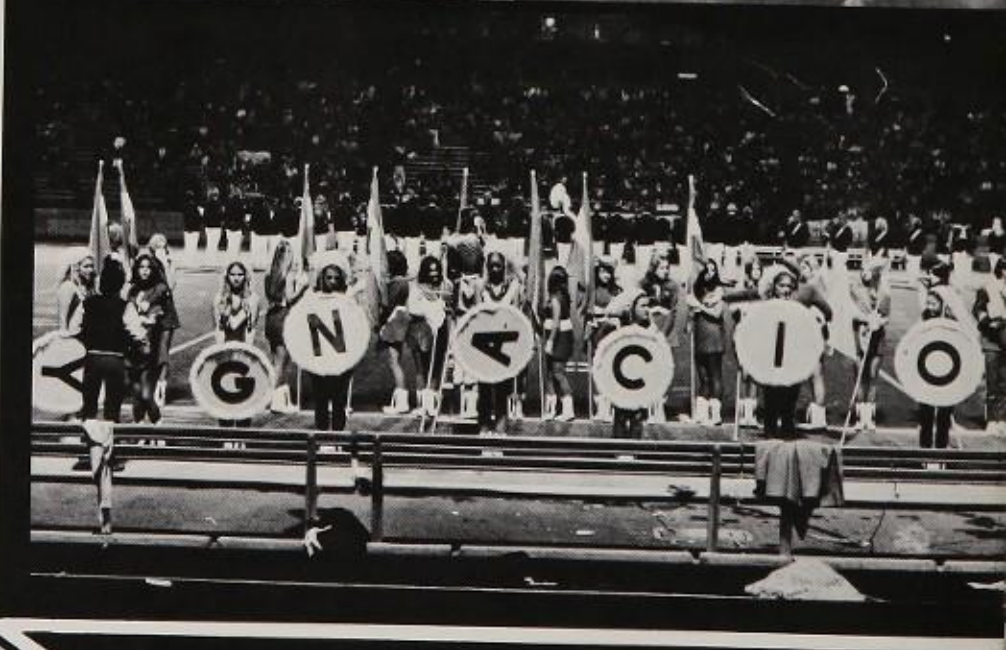
Organizations





People have a strange way of putting themselves in compartments and groups. They build up barriers . . . of religion, of caste, of color, of party, of nation, of sex, of custom, and of wealth, and poverty. We must remember that we all are here together in an organization called humanity.

Radio

"This is KYVS, your school radio station, 640 on the dial. Turn up the volume, kick back, and listen to good music. But first, an editorial: this station is built, owned and operated by Ygnacio students. Disc jocks include Steve Blum, John Misner, Jeff Unruh, Brian Wizon, and Donna Cropp. This is General Manager Alan Altorfer. And now, more music...Elton John singing "Good-bye Yellow Brick Road!..."

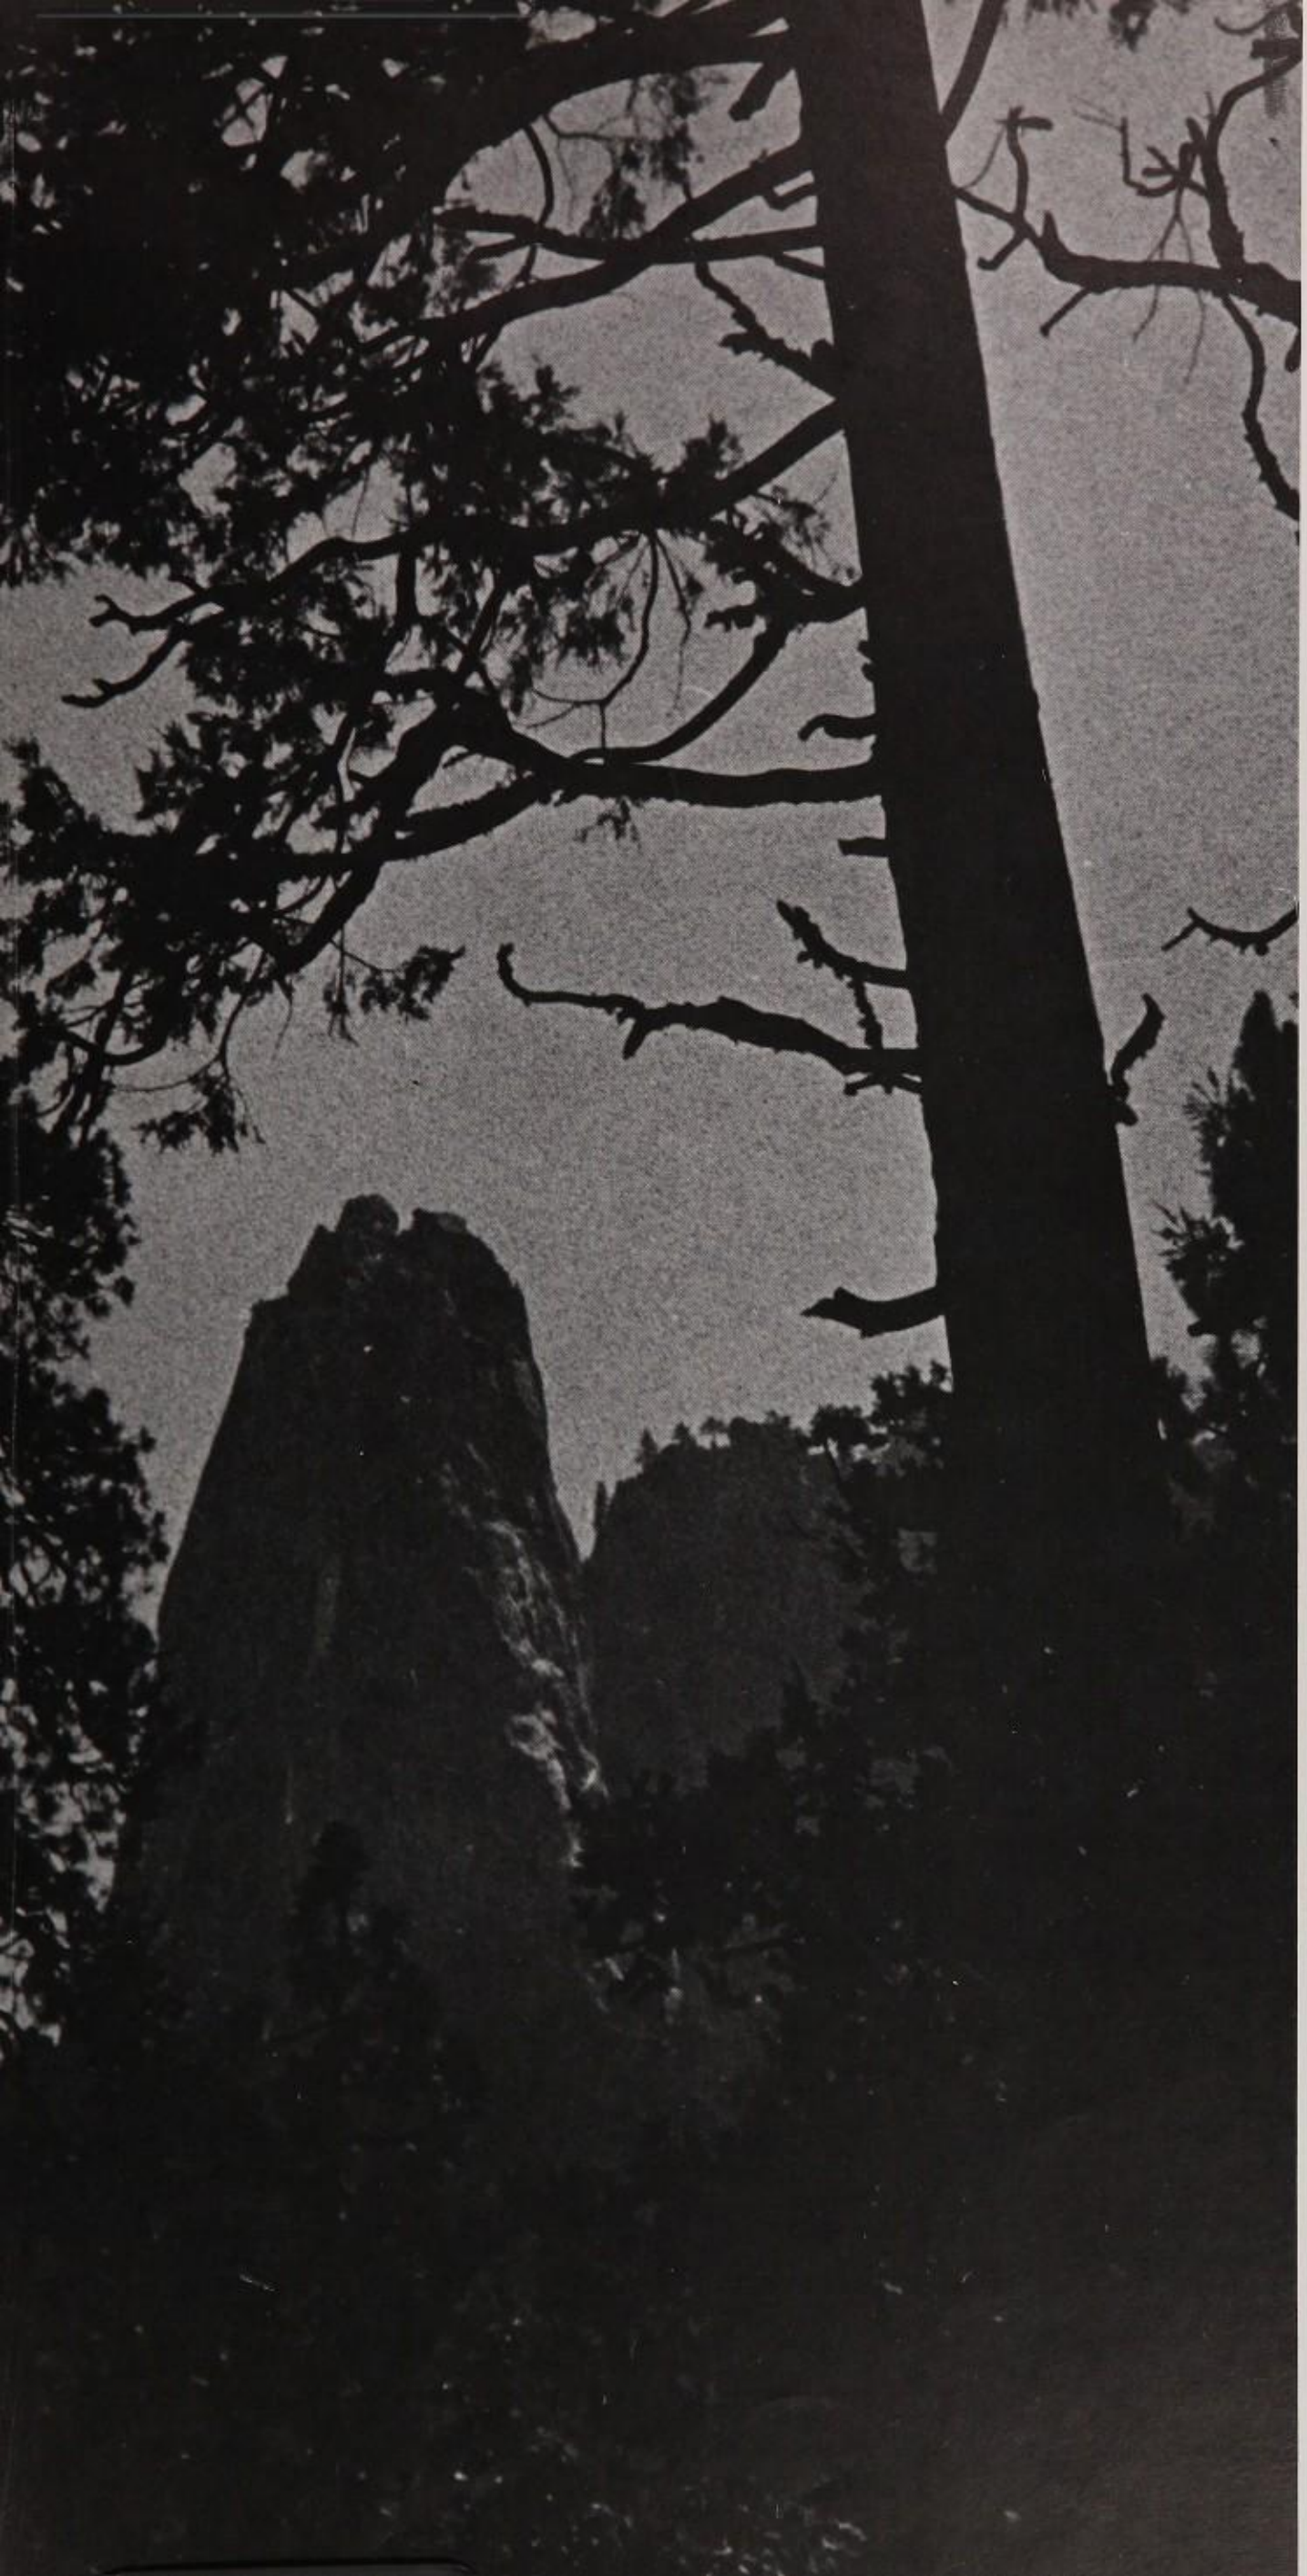
This year's Senior Service Organizations have worked hard in such activities as Red Cross Youth, Parent Club programs, Friends Outside, working with the mentally retarded, helping the Walnut Creek library, sponsoring children overseas, and working within the school at assemblies and special activities. These are students who care about others and like getting involved, and that's what it's all about.

They have the courage to walk a
different road-
To refuse to be tracked and programmed
and numbered-
They have found an alternative.

Alternative School

Parents Club

Photos by Bridget Hoover



The students of Ygnacio Valley High School express their appreciation to the Parents Club for the time and work they put into this school's activities. These include the Senior Picnic, Awards Desserts and Baccalaureate along with an endless number of services for which they receive little acknowledgement. They have made it a better year for us all.

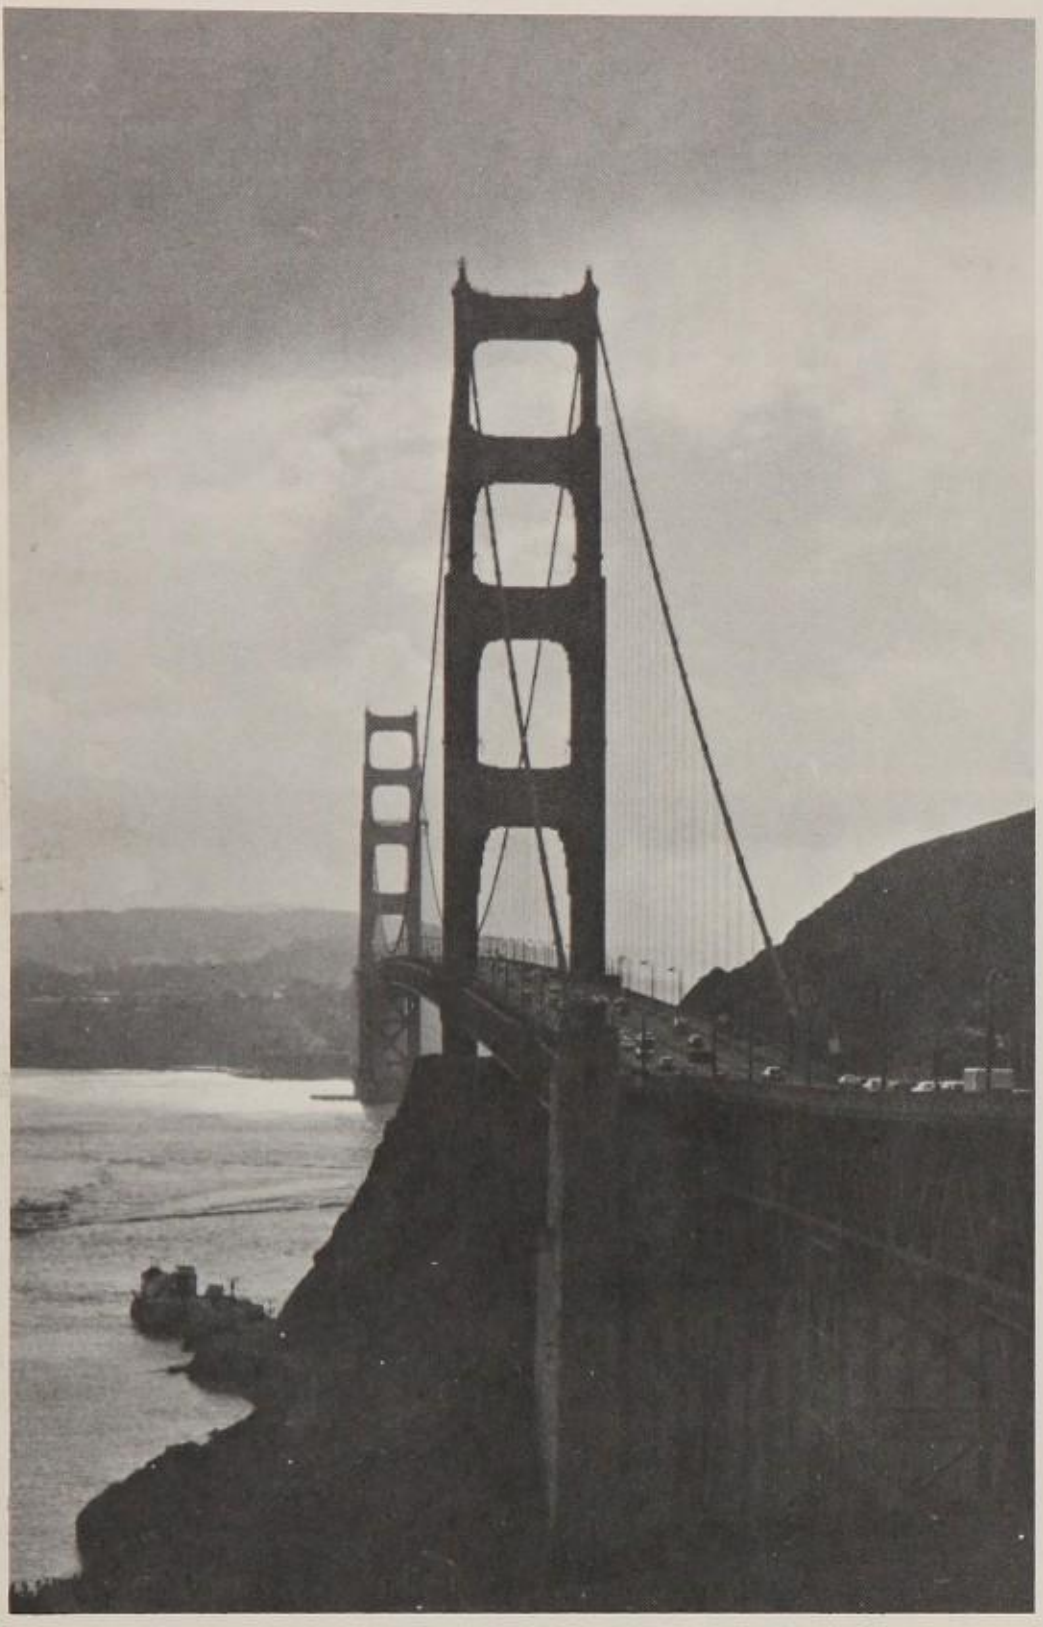
thinking of you

Greg Kerr



Scott Seaton

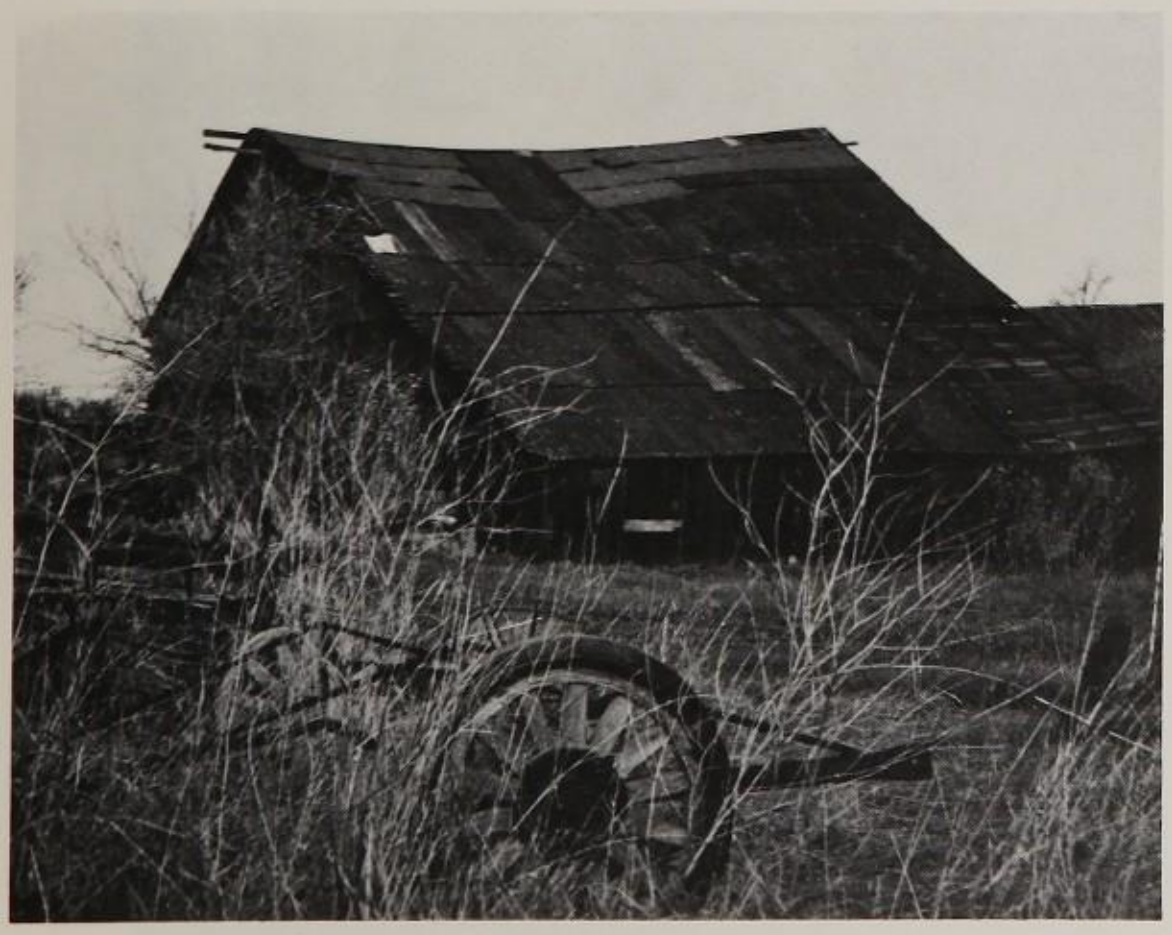
sweet America—
your web of ideals
that thread the pillars of hope
on which you stand
are slowly being unraveled
by the weight
of your people

Diana Beebe

The star-child waited, marshaling his thoughts and brooding over his still untested powers. For though he was master of the world, he was not quite sure what to do next. But he would think of something.

Tim Bullock

Brian Butler



Scott Seaton

The universe would be incomplete without man; but it would also be incomplete without the small creatures that dwell beyond our conceitful eyes and knowledge.

Eileen Kunz

A Soldier's Head

In it there are machine guns,
and battlefields
where no one will win.

There are recollections
of a lost innocence
and a hide-and-seek manhood.

There are hills too steep,
guns too heavy,
days too long.

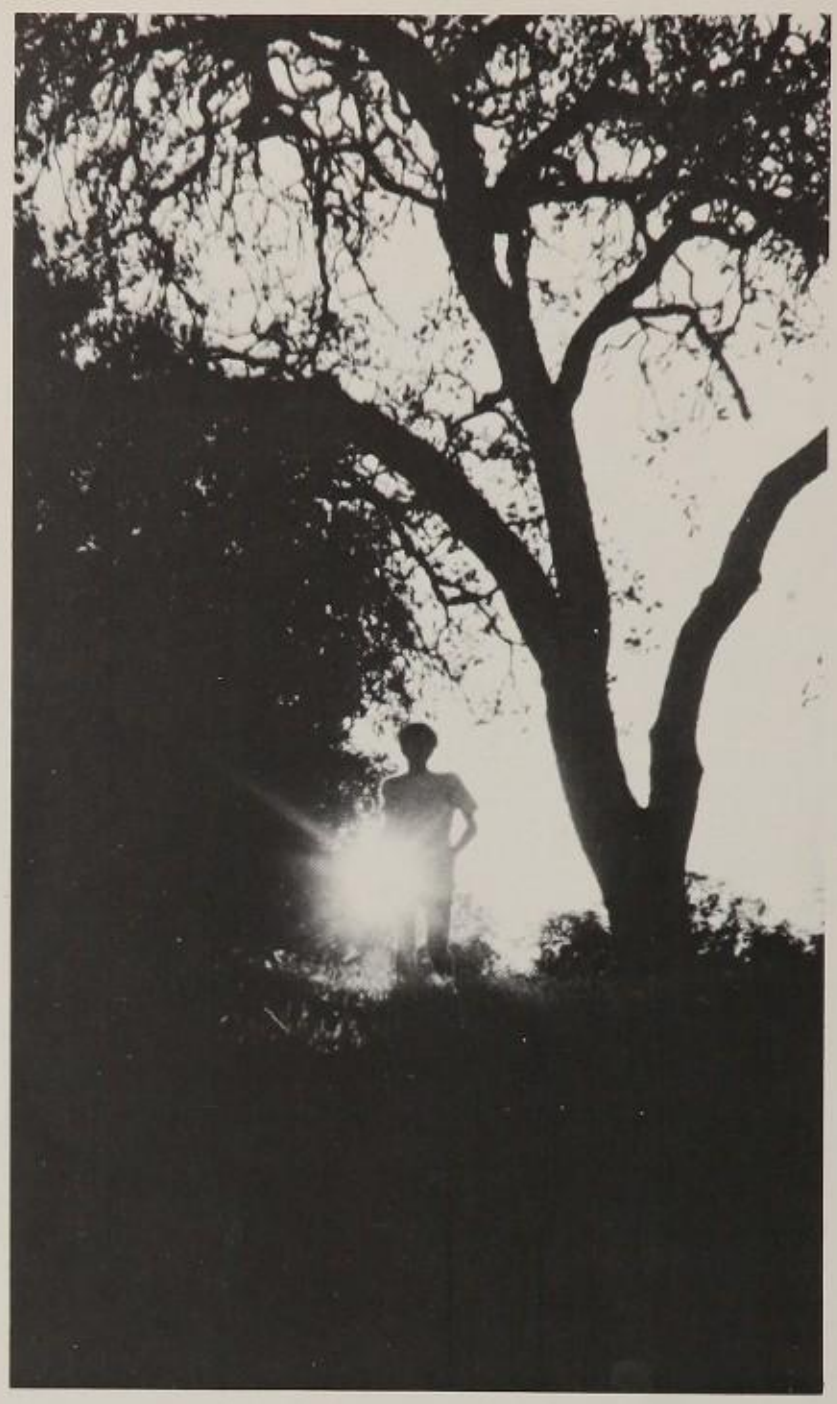
There are beliefs in life and love
shot down by a gun called war.

And there is a dizzy whirlpool
of futile dreams.

Nancy Giomi

Dave Korba

Kerry
I've enjoyed seeing you in
Mr. Shepis office. I'm sure
we'll be seeing you in there
again sometimes.
Have a great summer
Janet Regester



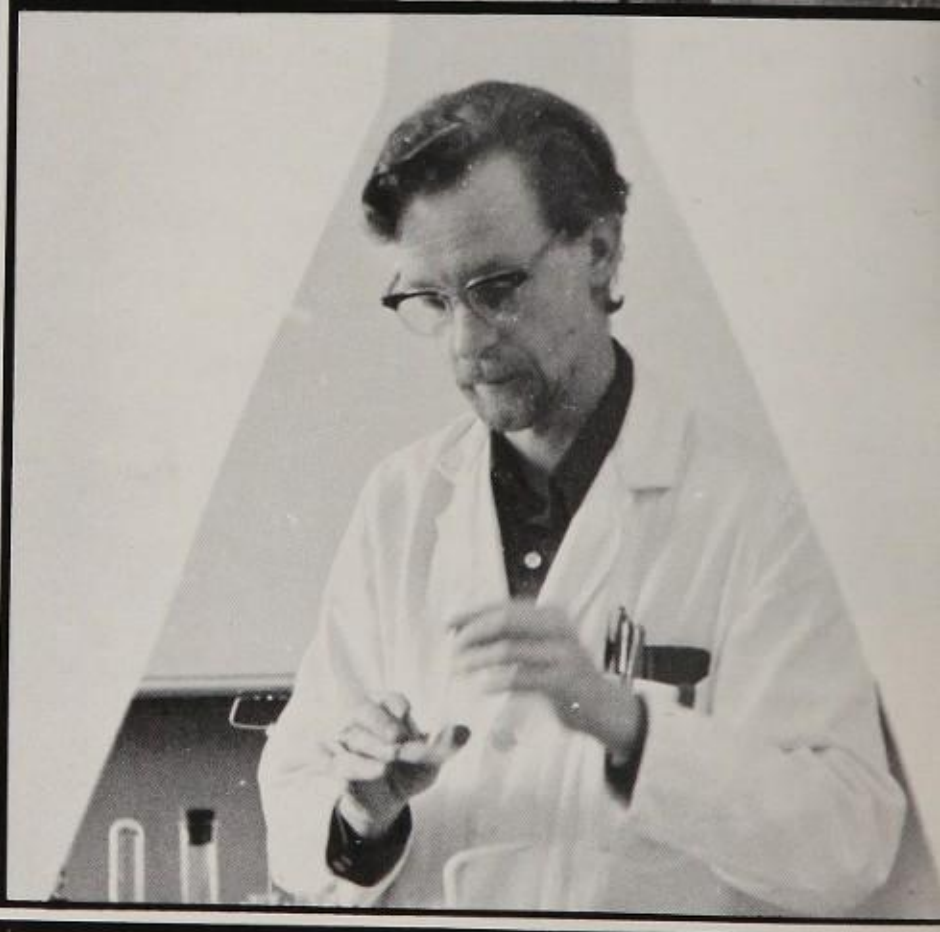
Reach out
touch the sky
spread your roots
to the ground.
Live and grow
for you are the beauty
and bounty of this land.

In spite of all the ideas and all the technologies and atoms in the world, it all comes down to shaping one individual at a time.

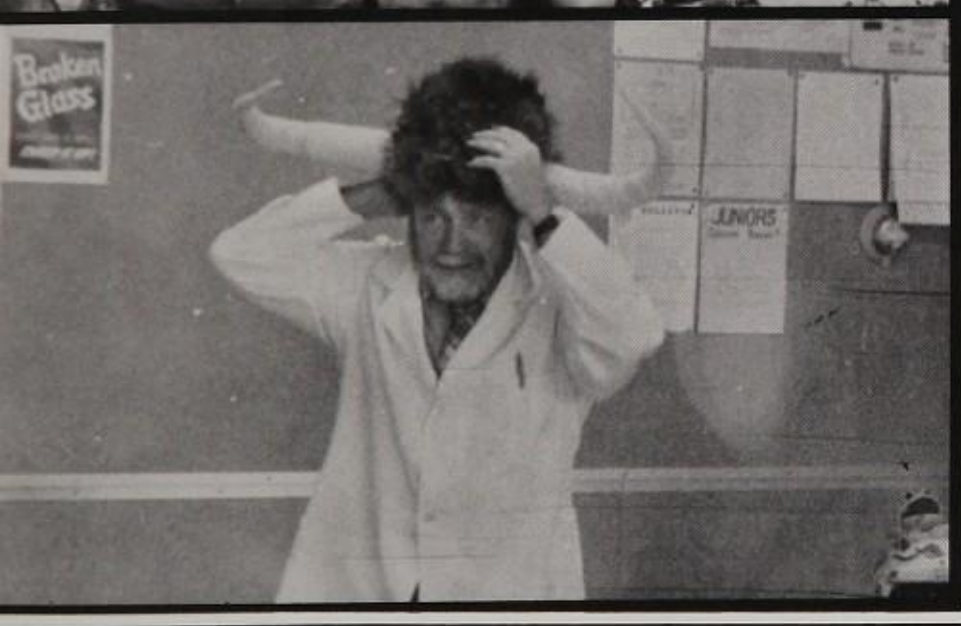
photo by: Judy Van Steenkiste

If the sun shouldn't rise
everyone would notice
the death
But the sun does rise
and no one sees
the life

Administration



You may give them your love but not your thoughts,
for they have their own thoughts.
You may house their bodies but not their souls.
for their souls dwell in the house of tomorrow
which you cannot visit, not even in your dreams.
You may strive to be like them
but seek not to make them like you.
For life goes not backward nor tarries with today.



& Faculty

Since the opening of Ygnacio Valley High School thirteen years ago, the exceptional work of principal Dr. Ernest Wutzke has shown through the high performance of its students and faculty. The outstanding staff of Ygnacio, with its wide range of ideas and viewpoints, is a fine reflection of the man who brought it together.

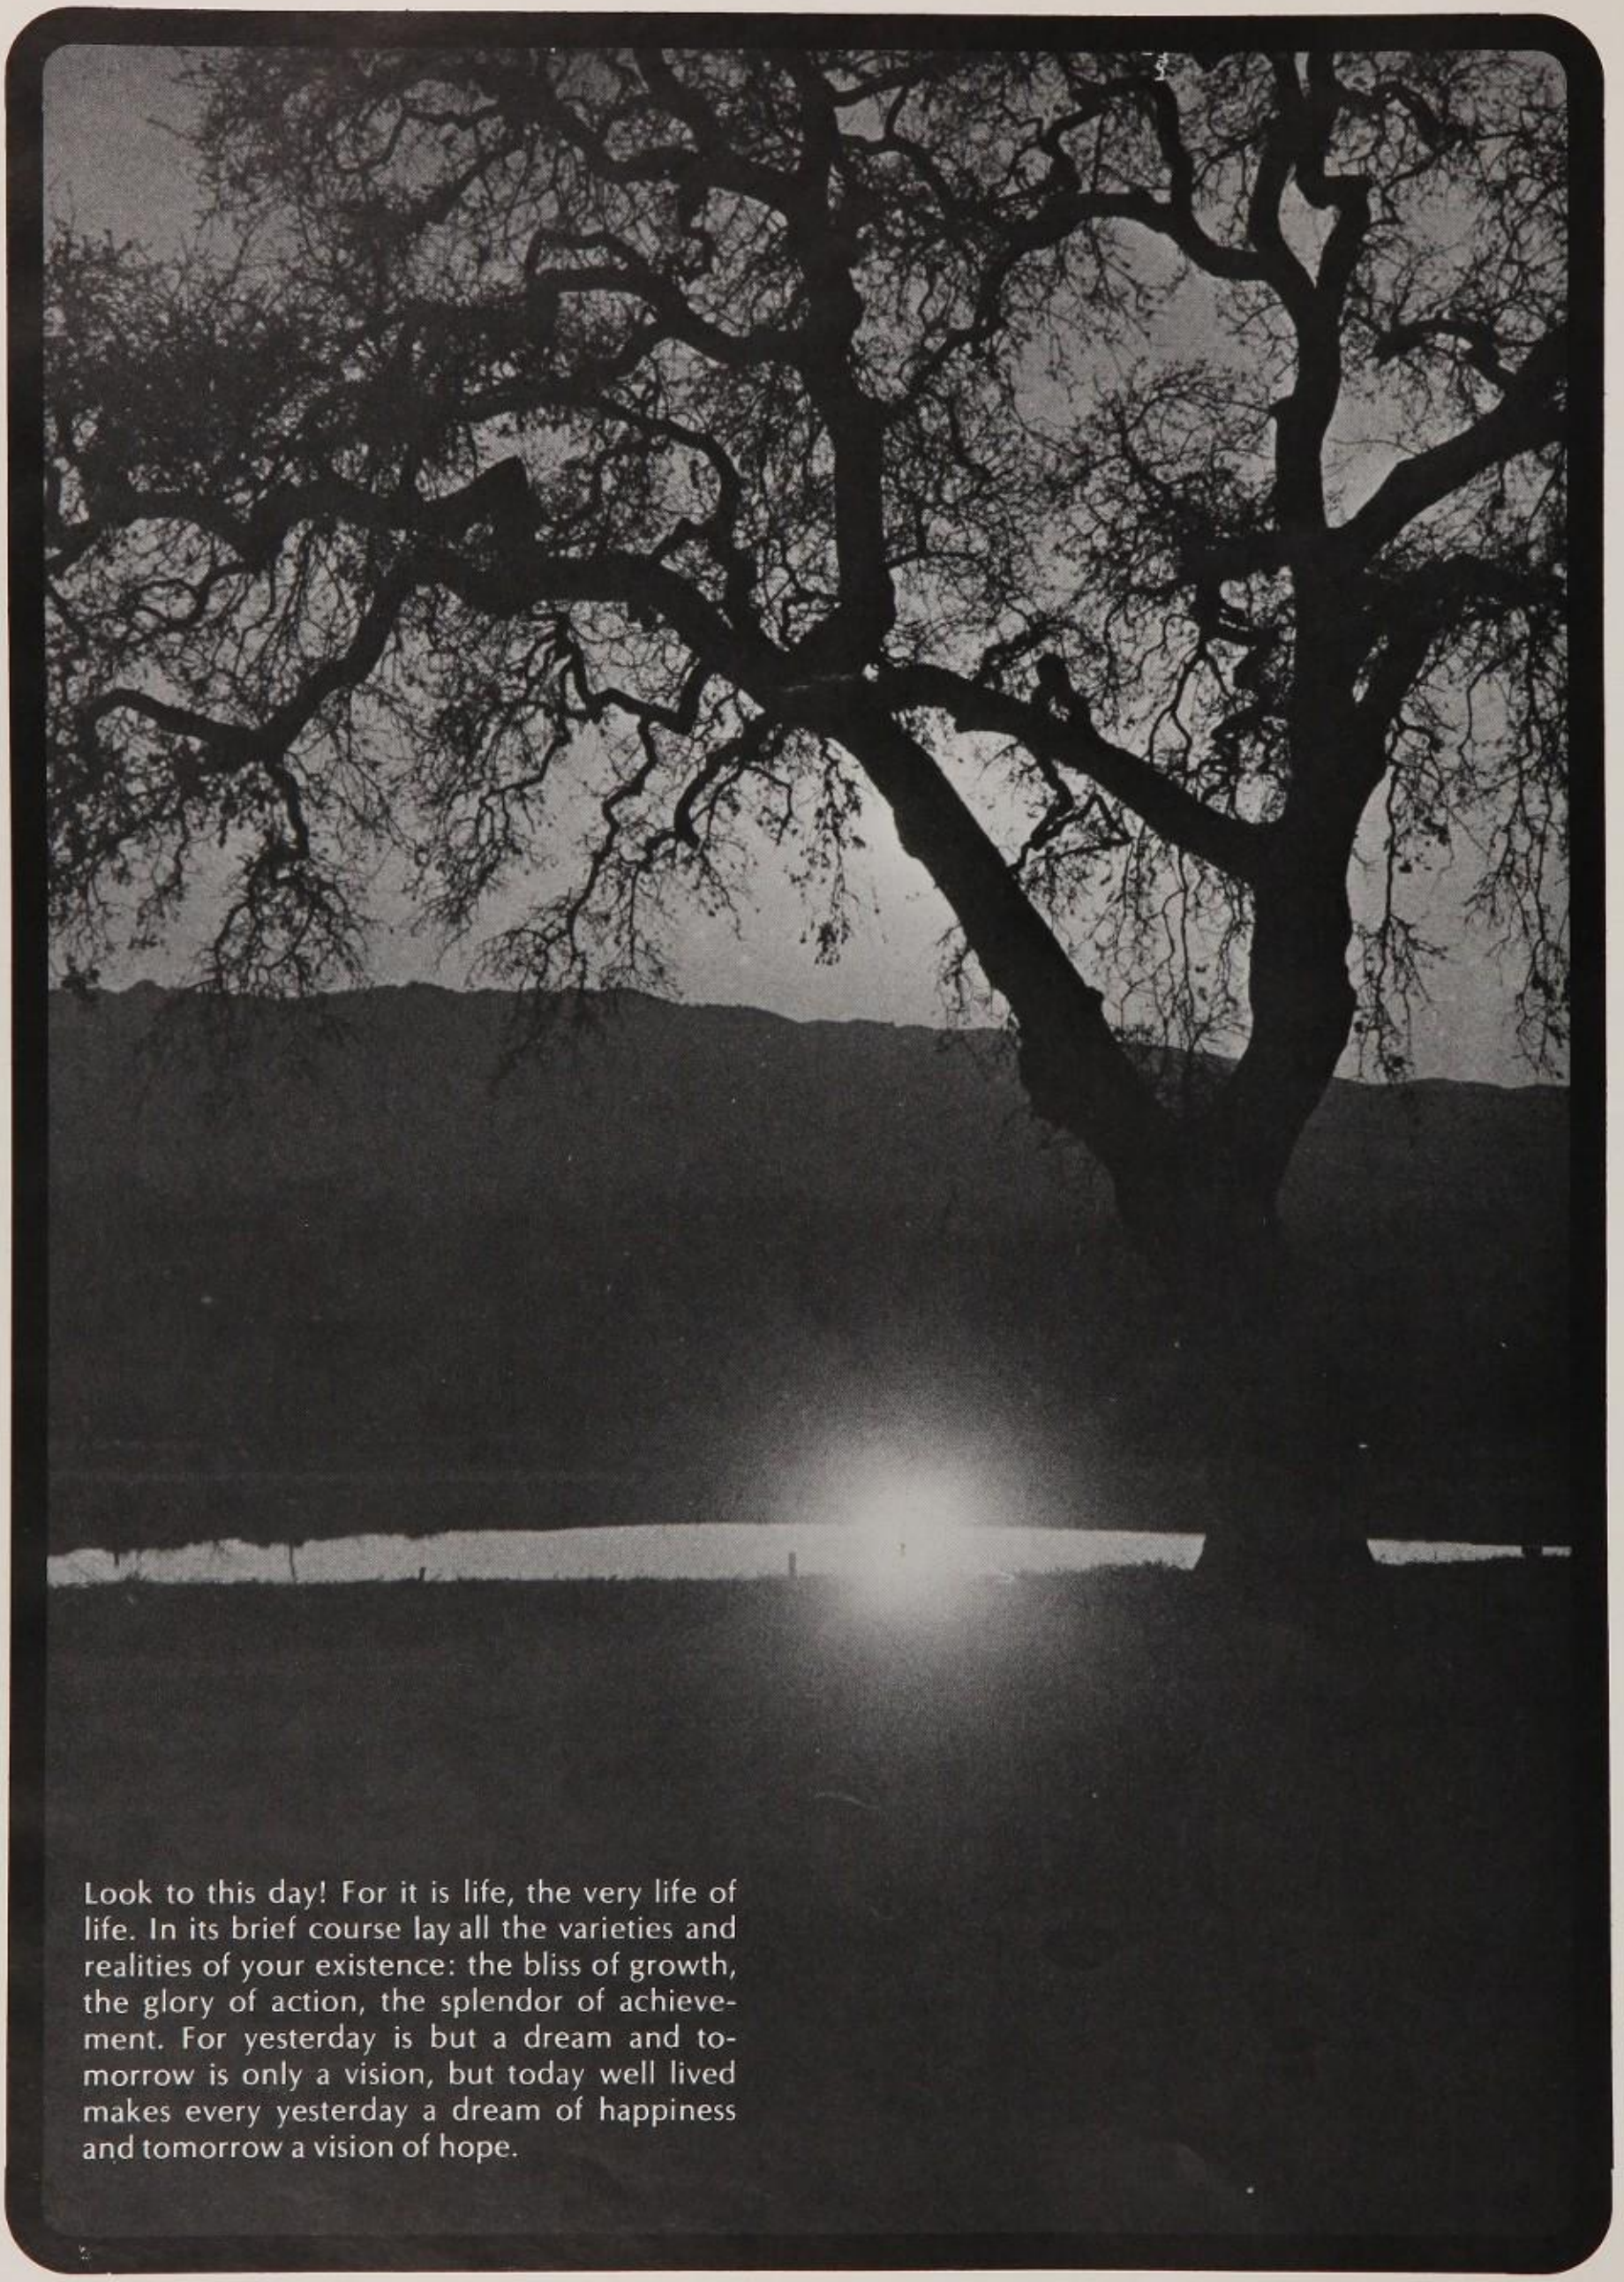
IGNACIO

Yellow on a lace afternoon -
someday we'll find the field
we used to know . . .
And pass by the halls, the voices of friends
nothing is the same.
We'll follow the road that took us
to the world
we
can reach again.
never



Look to this day! For it is life, the very life of life. In its brief course lay all the varieties and realities of your existence: the bliss of growth, the glory of action, the splendor of achievement. For yesterday is but a dream and tomorrow is only a vision, but today well lived makes every yesterday a dream of happiness and tomorrow a vision of hope.

Ken
you are
one of the most
determined guys
I know. Everyday
you do that I hear
seems to get done
Good luck in the future and
maybe our paths will cross and
we can talk about all the good times
that we have had.
Take it easy. Yours Truly
Robert Martin

Ken-
Says, thanks for
the great papa Dan Rice's
Hey, wasn't the sr Banquet fun?
See ya around, + have fun
Love, Jessica Hoover '75

Well Ken
the year is Really over
and once Heads. I'm glad
to have made your friendship
take care Junior Air Man or
Should it Be Junior Bird Man.
What ever it take care and I hope
to talke to you sometime Again
